

Hello, this is Ray DeFiore and I wanted to Speak to Persons of Influence and people under authority:

On the previous video I had made some bold statements that on March 12, 2015 I was elected by God, to be one day the President of the United States, and I also said that God did Unveil a Plan to me for the United States, to get us out of this mess that we are in and to begin healing this nation, mentally, physically, emotionally, and spiritually, and socially. In my letter that I did write to you, I said not to censor me in any way because I am speaking under the Authority of God, and for the protection of the People of the United States.

I also said that since 2012, I have taken very seriously Listening to the Voice of the Holy Spirit. I have also promised God in 2013 that if He would help me I would help stop this tyranny from happening.

In prison is where God, the Holy Spirit has taught and mentored me into the serious problems of the United States, namely the teams of Brain washing experts and Neuro weapons experts that put violent conflicting thoughts and ideas into people to force them to go crazy. It is God's desire is to heal the American people from all the trauma and abuse they have endured. It is God's desire to heal them mentally from the psychological injury that has been forced upon them, and inflicted upon them.

While it is true that I do not have any experience in Politics, and in other matters, because of the evil nature of this agenda called the NWO, I will do my best to defend and protect the American people from the predators, such as well known virologists.

And many other high ranking officials were also complicit, such as the Federal Judges, and also members of congress, since they make themselves exempt from the Vaccine, than they are also complicit with an international cartel of mass murder through mostly brain washing, threats of not keeping their job, and intimidation and coercion. And threatening doctors, and so, I was trained by God on how to deal with this mess, I will be acting as interim President for a while, until you can get somebody better or who has a better plan.

HSC is the plan that God has given to us, so that we could eventually be on top, and those that have done this to us is on the bottom.

We will be the head and not the tail, above only and not beneath.

To people in Authority I say to you, that we need your help and support in Knowing and adopting HSC, and we need to do this together so that God can heal this Nation Socially, and in every way.

Since there is no real truth that we can use in the media, and in the churches, and in the Universities and Colleges, we need to get real Truth from the Spirit of Truth, which is the Holy Spirit.

There is nothing weird about adopting HSC as a lifestyle. The purpose of HSC, which is what Moses taught, is to create a great future for yourself and your Nation, because there is simply too many things that are against us.

As of right now I want you to have printed these 2 Documents from my website RayHSC.com the Prayer notebook and the Prayer packet. And immediately pick out a prayer from the prayer packet and modify it to your own liking, than write it in your own handwriting in the Prayer notebook. And just read off the first two prayers in the notebook, than read off your written prayer that you wrote aloud to a Holy God, because from now on, We as American people are going to be winners and overcomes, and we will be One Nation Under God. And Our King will forever be Jesus Christ, and as I pass the torch of freedom on to you, you than will pass the torch of freedom on to your children and grandchildren.

This is to ensure that this never happens to Our Nation again, since all young men will be awake and not sleeping, loving slumber.

I already know how much I will be hated and scorned, and ridiculed, but in the end I also know I will be vindicated and found truthful.

Like I already said, this is God's plan, not mine, these are God's ideas and not mine, this is His thinking, and from now on moving forward, we must do things right before a Holy God, and that means

repenting of our sins and striving to be Holy ourselves. Because there is no other way. We must adopt HSC and begin Listening for and Obeying the Voice of the Holy Spirit for ourselves, each and every one of us.

Whether you are somebody of influence in Hollywood, or you are a Sheriff, or Judge or District Attorney, or a preacher, lady or man, we must adopt HSC immediately and have this courage to listen for His Voice, and God will do amazing things in our midst.

HSC is the Future of America, not a concentration camp, and not mass deaths, and not one world government.

The Truth is what God sees, not what we see, so from now on, our Regimen must include HSC in our lives, because the Holy Spirit is the key to higher knowledge and higher learning.

To all persons of influence, immediately adopt HSC in your life so that others around your sphere of influence will be positively impacted and God, Jesus Christ, and the Holy Spirit, and Our Heavenly Father can begin the noble task of healing this nation, and we will all be happier for it.

I thank you for listening and adopting HSC so that we can change things in our Nation.

Thank you and God bless.
