

**To all People in Jewish organizations:aa**

**Hello, my name is Rzsymond DeFiore. I am writing to you for a very serious matter. I have been quietly working on this project for many years, probzply zround 2010. I felt very threatened by the New World order and I rezlized that we needed s doable plan, because of this threat.**

**I think that I know the reasons why Zionist Jews go into powerful government posts. I think thast have a understanding of why Jews do what they do, and I willl say this. I wnt you to know that I do not go around bad mouthuing the Zionist Jews.**

**I only say to the public that these Zionist Jews are not your problem. Your problem is that we are wicked nation, so therefore we need a National Repentance.**

**I am calling for a National Repentance, what I call a circumcision repentance.**

**I am the man that has to lead America into this worldwode outpouring of the Holy Spirit.**

**This outpouring must take place, and it is prophesied in the old testament, in Isaiah chapter 2 and Micah chapter 4 and I think Habbakuk somewhere. Anyway there is this big prophecy that must take Place in this e vil world.**

**It is all of our duty to defend America, so I must be in front of people, and I want to talk to America, as a Nation to discuss this Plan which I call the Way Doctrine plan.**

**I would like for you to forward this letter and this manuscript to some of your news media outlets. I cannot talk to them anyway, I do not respect them and they will do nothg k but propagate lies so people will get killed, and their children will get killed.**

**So please, I need to have some crediility, that what I am saying is right, and these prophecies must be fulfilled. Than you rezlize in prophecy, there will be a huge slaughter of wicked people before we go into a new heaven and a new earth.**

**I need to be on the news, and I need credible people endorsing my ideas. You judge for yourself if**

**it will work, it will work. It is not what you think, it is what the Holy Spirit will do.**

**One thing is that women need spiritual leadership, which they do not have. Because they are the moral leaders of society, and because they wield enormous influence, we as a nation desperately need godly women. Because then we will have the men. The women need strong leadership from me and we desperately need godly women.**

**So what I am asking is that you allow me on your fake media, because for our survival as a nation is dependant on people learning this information. Please read this manuscript and my phone number is 336-482-7673 and my website is [Rayhsc.com](http://Rayhsc.com). I will not embarrass you or humiliate you. I know that for them, ratings are important, but my message is more important. The Way Doctrine Plan is ‘the completion of the gospel of Jesus Christ.’ This Message of the Way Doctrine Plan is the reason they executed the disciples, because the controllers at the time thought this message was too volatile to their power structure, so they carefully manipulated the bible. Long story.**

**Thank you so much for reading this letter, it means so much to me. Please contact me on my phone and put me in front of the American public. And I just want to talk my schtick, and get people on board without the fake new caster to try to control the conversation, and trying to make me ook like an idiot.**

**So please do me a favor, and we need to put the Holy Spirit into the Americcan public. And this will change this nation from witcraft and satanism to the Way Doctrine Plan, to make mom and dad winners, with the proper preparaytin to go into the new heaven and new earth.**

**My eyesight is very poor, so it is difficult to write these documents. I copied and pasted too many times on the other document. I believe that if you help me with this plan, that my eyesight may become better, and my health may become better, because of the promises of God. That is my personal reason. But the main motivation is God's words and primises, that we heed his warnings.**

**Thank you for reading this document, and I hope that you will help me. Please contact by phone and**

**ut me in an interview. Sincerely, and in His Service,  
Ray DeFiore**
