

The Sins of Women and Why it Really Matters.

By Ray DeFiore

Because of the Jezebel Spirit in America, mostly all men, Pastors, Even the good pastora, are terrified of going against women and Feminism, because of the fear of reprisal, namely they will typically emasculate the men sexually, saying ‘that he cannot satisfy a woman.’

In the case of a pastor, if he makes a sermon against feminism, Hordes of angry women will destroy him financially, write ups in the newspaper will label him as ‘a Woman hater’, and he will quickly lose his job and his career, and he will also lose his following.

Socially, he will be sneered at because people might believe that he is a Woman hater.

Even political leaders are terrified of criticising women or feminism in any way. They might even get prison time, because even the judges or prosecutors may be terrified of going against the Jezebel Spirit.

So in the court system, the man is typically wrong, and the women typically wins custody of the kids.

So in this article, I will talk directly about the sins of women, but the truth is you can try disputing these sins, but you cannot dispute them. And in some ways, these sins are affecting all of us.

I consider myself an expert on this subject, so I think that I can correct this problem where other people failed, psychologists, and psychiatrists, and pastors, and men on a whole.

The reason that I can deal with this mess is because I have years ago been married to a woman with a Jezebel Spirit, and it is enough to make you go insane.

Also because I am an Spiritual expert, I think. I do not claim to know everything, I just have an Understanding, Because ever since 2012, I have been listening to and obeying the Voice of the Holy Spirit.

When I say that term Listening to and obeying the Voice of the Holy Spirit, what I mean by that is Dowsloading information from the Holy Spirit.

I do not beliee that my ideas come from my brain, I believe that they originated in Heaven, through the Filtration procewess of These Wise Counsellors. These Wise Counsellors are up in Heaven and they “Weigh the Balances”.

What I mean by Weigh the Bakabces, I mean they weigh right and wrong, to determine what the most accurate measure might be to deal correctly with this.

The bible says, “Thou shalt not suffer a witch to Live”, which I have an high understanding of this, and if you were sitting

here I can tell you all the reasons why these are the greatest destroyers of society. But there is simply too many of them to execute.

What we are dealing with is Witchcraft, blanketed across America, and Demonic possession, on a scale that is unprecedented.

These Demonic Spirit are literally in millions of people, in Homosexuals and Lesbians, and transvestites, and it is also in Pediphilia and Blackmail to the political leaders that are engaged in pedophilia.

Witchcraft and Satanism are the dominant religouns in the United States, and our biggest biggest problem that we ever had is Witcraft, we are so loaded down with Witcraft that it is not even funny.

I can guarantee you completely that this has destroyed your life in some way.

You can be a good woman that cannot get a date or a man, or you can have very serious, health problems, like life

threatening illness at a young age. Maybe you cannot breath that good, and somebody you don't even know is doing this to you, like a neuro weapons expert, or a coven of withches.

You probably do not any idea of how you are being destroyed because of Witchcraft in America. You can be destroyed in 100 different ways, your health, your money, socially, men typically are living with other men rather than with women and having families.

Feminsm is Witchcraft, that is really what it is. What Feminsm really is is typically a woman, going to bed every night with a demon, I saw it in my mind's eye, and it looks black in appearance, like the shape of a tadpole, before it becomes a frog.

Witchcraft and the Jezebel Spirit promotes suicides, and fentynal deaths, drug addiction, and even homelessness.

Everything about it is pure evil.

I have went very deeply into God's Law and I have went very deeply into the Nature of the Holy Spirit.

I am calling, but not me, God I think, is calling us as a Nation for National Repentance, and what I mean by this is a True Repentance, nothing fake or phoney about it. I take this very seriously, because I realize that it is dealing with people's Lives, and I don't want people's blood on my hands.

I don't care for the word exorcism too much: it sounds too Out there and weird. It is probably a better more accurate word called Replacment. We are replacing Feminism with Listening for and obeying the Voice of the Holy. We are replacing a demonic spirit embedded in the personality, usually from a Simple type person.

What happens in young girls and women is that many of them had weak fathers or non existant fathers, and ‘They are not grounded in the Word of God.’ Because they are typically a simple minded person, the demon comes in and begins controlling the person The Demon usually embeds itself in the brain, in the personality of a person.

Because this demon is In her brain, in her personality, the demon will seek to destroy the man, and destroy her family.

What has happened, is that there are people, predators that sees this and knows the mind of women, and they have done is to tap into women’s natural hatred of man, and to exploit this.

So the man, being threatened by a domineering woman, hits her and than he is the one going to prison.

I believe that at least some women, or many, resent men because they see what is in

men, and it is not in them. Men have built the George Washington Bridge, and skyscrapers and men have built your car and motorcycle and washing machine, so I think that there is very big resentment in women towards men, so the predators prey on these women and tap into their natural hatred for men, with television movies such as Lifetime network, and movies like “For Colored Girls”, and some Tyler Perry movies like “Diary of a Mad Black Woman.”

These movies inflame The Illusion in women’s minds that all men cannot be trusted and all men are monsters.

Than these women manifest in the real world their own false illusions, not giving heed that there are predators that are preying on them, for the sake of a prison corporation or Black rock, or the company of eugenisists, that don’t want more babies,

**so they promote homosexuality as a
“Natural lifestyle.”**

**My Solution to this rampant problem is
One size fits all, But the biggest hurdle may
be their will.**

**While I think that these ideas are good,
I somehow have to convince these women
that it is in their advantage to change their
ideologies.**

**From feminism and witchcraft to the
working of the Holy Spirit.**

Remember, not exorcism, Replacment.

**So here is some of the sins of women
that are very terrible, and result in
catastrophe.**

**Probably one of the most terrible sins, I
guess you can say that it happened to me, is
stealing children away from their father in a
Jezebel court. Many times, the father may
not be able to see his own children, whom he**

may love dealy, for many years. One reason the woman wants to steal the children away is so she can brain wash the children into hating their father. After having dealt with my own terrible experience and trauma of this, we are most assuredly dealing with a Jezebel Spirit, one of the wickedest spirits you will ever know.

Multiply my own personal trauma of this plus my fueled hatred of my ex wife, and add six years of prison time, multiply that one experience times millions and millions of men all throughout the country, and you will start to begin to understand the total devastation of millions of men.

And to top it off women typically say, “Men are such babies”, because these women have stolen their children.

But it doesn't stop with ftherless children and destroyed men. No, no it gets much worst.

This sin is so egregious, that it is mentioned in the book of Malachi, where God has put a curse on America because of this Sin, and you know it as Corona Virus, or the Corona Virus Vaccine, or Genocide.

4Remember ye the law of Moses my servant, which I commanded unto him in Horeb for all Israel, with the statutes and judgments.

5Behold, I will send you Elijah the prophet before the coming of the great and dreadful day of the LORD:

6And he shall turn the heart of the fathers to the children, and the heart of the children to their fathers, lest I come and smite the earth with a curse.

When you think of Corona Virus , You might think of the forced mandates, the closed businesses, the shut down of the economy, the death of children, the deaths of adult. You must realize that we as a Nation have been cursed by God because of the

Theft of men, the theft of children from their fathers, and the sin of feminism.

Therefore, I am calling for a National Reoentance, and for several I reasons, I believe that I want to target my efforts to women.

And I want women, every single woman, no matter their background or false beliefs to have a Nationl Repentance, because we cannot survive as a Nation in Witchcraft or feminism.

I am telling you that I have went very deeply into God's Law and I have looked at patterns, patterns of where this is all going.

None of us would want to get an atomic explosion, and our eyeballs will burn out and our tongues will burn out.

This is where this Jezebel Spirit will take us, for we are too 'polluted' to co habitT The world with other countries.

We desperately need well whole Godly women and we need a national repentance for our own survival.

We cannot survive without national repentance, and we cannot survive with millions of women in this country kissing their demon every night and this demon kisses them back and says, “I love you, because you’re my woman”.

And these women believe that this spirit is right and loving, it is like a stupid girl that is sleeping in her bed with a Python, that is getting ready to eat her whole.

This second sin is deliberately not going out with men, for the purposes of hurting the Male species. They get a kick out of hurting men, because of their false illusions.

This sin sounds like it is really not that bad, except that it leads to violence.

In the Bible, it tells you over and over again, have nothing to do with a Jezebel

Spirit. It is all over the Bible, even in Revelations.

It also tells us how to run a nation, if you will pay attention. I did pay attention.

This third sin is a big one, but using the court system as a weapon to destroy the man, because they believe falsely that they are in a war with men, and they have to win.

They are encouraged by the court system to steal the children from their fathers, to leave him homeless and destitute.

The primary goal of the family court is to make men hate women. It is important for tyrannies to exist, to break apart the family, so naturally they prey upon the women. As we discussed earlier, these predators want to tap into the natural hatred of women for the man, and exploit it for their own purposes.

That is why so many political people say the stupid statement “We care about women.”

Here is sin 4. As a man, it can be very hard to get a family because there are hordes of angry feminist women (witches) who will make sure that doesn't happen. If a man does find a decent woman, these angry women will sabotage it in some way.

And our ancestors all knew the danger of letting women have too much power.

I want to provide real leadership to women across this Nation, to replace their weak irrational ideology with a solid proven formula where these women will find their God given purpose and be mentally healed, and have the right spirit where they will love the men that God gave them. And they will be truly happy and fulfilled. They will find their job assignment, this is the assignment in which God initiates, and that person will work towards that goal.

Unfortunately for all of us, I am the only man that has the knowledge of what I am talking about. I wished there were others, I

would love to talk to that person that knows half of this information. I have never found him.

I am trying to go public. Recently I have written a lengthy letter to seven different institutions. The letter was 28 pages long, and another letter to Jewish organization, and that one was 5 pages long.

**I mailed these documents to:
The Jerusalem Post, in Israel, and the United Nations, and the CIA, and the NSA, and Google corporation, and facebook corporation, and the NC General assembly.**

Facebook and Google have monopolized the internet, and these companies do not want anything good happening to you, they want the destruction of the United States and genocide.

I am the only man that knows how to change things in America for the good of everyone in America.

This is because I have learned how to download information from the Holy Spirit.

But of course I have a huge problem talking to the American public, because of censorship. I suck at making videos, I really do. I need to talk to the public directly.

I believe that women are the key to a great country, a happy country, with low crime and better relationships and better friendships.

The main key is just 3 easy steps, but these 3 steps will transform your life for the better.

We cannot go on like this. And living homeless under a bridge and eating cockroaches in a 15 minute city is not the change that we are hoping for.

It is important for ladies to read my important announcement on the bottom of this page. My phone number is not for you personally, it is for you to give to an interviewer somewhere. Please have them call me up, I need to be on interviews so that I can talk about my information.

I am putting this article on my website, Rayhsc.com. My prayer notebook is free, have it printed out today.

These three easy steps, are basically the Replacement of ideologies that I was talking about. Your thinking will drastically change, and your understanding will go higher, and your consciousness will go higher.

You will also eventually do something Great in your life, and you will be rewarded with your “Big Blessings Payday.”

Thank you for reading this article.

A Real Plan has a beginning middle and an end, an outcome.

Feminism is proven, it does have an outcome.

The Way Doctrine Plnn also Is proven. It also does have an outcome. That outcome is a Heaven on Earth, a paradise.

Lower mental illness, lower crime happier men, happier more fulfilled women.

Please listen to me, I have something to say!~ Rayhsc.com

Important announcement for all Women.

Because of the demonic spirits in America, and because so many of you ladies are manipulators, I must take very serious precautions. I cannot talk directly to you because of your husbands, or boyfriends, or

ex boyfriends. I know a lot about spirituality, not psychology. I am giving you my personal phone number and at the top you can print this out and give it to either a social media outlet or a fake news outlet. I would appreciate that greatly.

Then I can speak to you about subjects without someone causing my harm. But I must speak to you the public. My phone number is 336-482-7673. Please have them call me up.

You ladies have much more power than I or any other man will have, God gave you women the power to take our nation back, and that pisses me off.

That pisses me off, because you will do nothing as our nation disintegrates into chaos. But one thing that you will do is criticise any man that does try doing something.

My task was to make a plan, and it all comes down to a national repentance towards God.

And it pisses me off that I have to rely on women to do the right thing, and your nature is evil. You want men on drugs and homeless, so if you can help in any way, you're out.

It pisses me off that I have to rely on Jezebel Lesbian women, who stroke their pet demon every night to want to do 3 steps to change their country.

The majority of men do not respect you in this nation. Some say that you are the worst women in the world.

I hate people committing suicide but that seems okay with you. As long as it is a man.

Do something right in your life for once.

Use your God given power and get me some interviews so that I can talk. And Repent for sins you have done against men

**and repent for the sin of feminism. Thank
you.**
